

Impaired driving  
is a leading cause  
of death for people  
under age 30.

When you  
drink and  
drive,  
you lose.

NEBRASKA HEALTH AND HUMAN SERVICES SYSTEM

Drunk  
driving is  
preventable:

Designate a sober driver.  
Call a taxi cab.  
Or stay the night where  
you are.

NEBRASKA HEALTH AND HUMAN SERVICES SYSTEM

Drunk and drugged driving  
is a leading cause of death  
for people under age 30 --  
and it's preventable:

Designate a sober  
driver.  
Call a taxi cab.  
Or stay the night  
where you are.
